

AirTek 90/120 Indoor Swimming Pool Dehumidifiers- Technical Specification

AirTek Model	AT90	AT120
Use these Dehumidifiers in	Swimming Pool/Spa areas, locker and laundry rooms, industrial areas	Swimming Pool/Spa areas, locker and laundry rooms, industrial areas
Water-removal capacity	Set at 30°, 80% RH: 90 Liter per day	Set at 30°F, 80% RH: 120 Liter per day
Refrigerant Type (environmentally friendly)	R-22/407C	R-22/407C
Dehumidifiers operating temp. range	5° - 32°	5° -32°
Dehumidifiers CFM (blower air flow)	Low: 560 High: 722	Low: 560 High: 833
Fan speeds of dehumidifiers	3-speed centrifugal	3-speed centrifugal
Compressor	Hitachi	Hitachi
Applied Area	190~300m3	≤ 450 m3
Power supply (voltage, amps, etc.)	1320 watts, 220V-240V, 50hz, 6.2 amps	1500 watts, 220V-240V,50hz, 7.0 amps
Noise level (decibels)	≤52dB(A)	≤52dB(A)
Color	White with Grey front	White with Grey front
Weight (lbs)	70kg	73kg
Dimensions	L 480mm x W266mm xH1705mm	L 480mm x W266mm xH1705mm
